# Register of RMS Approved Concrete Mixes

Updated at: 02:30 PM 17 May 2012

Note: NSW Roads & Maritime Services (RMS) users of approved concrete mixes on this register on RMS funded projects must obtain details of the mix from the associated RMS database of concrete mixes before using any of these approved mixes. The specification and specific conditions of approval applying to the mix must be applied during use of the mix on the project. RMS Infrastructure Contracts Note Number 125 dated 19th September 2003 applies.

# Register of RMS Approved Concrete Mixes

Updated at: 02:30 PM 17 May 2012

Note: NSW Roads & Maritime Services (RMS) users of approved concrete mixes on this register on RMS funded projects must obtain details of the mix from the associated RMS database of concrete mixes before using any of these approved mixes. The specification and specific conditions of approval applying to the mix must be applied during use of the mix on the project. RMS Infrastructure Contracts Note Number 125 dated 19th September 2003 applies.

# Register of RMS Approved Concrete Mixes

Updated at: 02:30 PM 17 May 2012

Note: NSW Roads & Maritime Services (RMS) users of approved concrete mixes on this register on RMS funded projects must obtain details of the mix from the associated RMS database of concrete mixes before using any of these approved mixes. The specification and specific conditions of approval applying to the mix must be applied during use of the mix on the project. RMS Infrastructure Contracts Note Number 125 dated 19th September 2003 applies.

# Register of RMS Approved Concrete Mixes

Updated at: 02:30 PM 17 May 2012

Note: NSW Roads & Maritime Services (RMS) users of approved concrete mixes on this register on RMS funded projects must obtain details of the mix from the associated RMS database of concrete mixes before using any of these approved mixes. The specification and specific conditions of approval applying to the mix must be applied during use of the mix on the project. RMS Infrastructure Contracts Note Number 125 dated 19th September 2003 applies.

# Register of RMS Approved Concrete Mixes

Updated at: 02:30 PM 17 May 2012

Note: NSW Roads & Maritime Services (RMS) users of approved concrete mixes on this register on RMS funded projects must obtain details of the mix from the associated RMS database of concrete mixes before using any of these approved mixes. The specification and specific conditions of approval applying to the mix must be applied during use of the mix on the project. RMS Infrastructure Contracts Note Number 125 dated 19th September 2003 applies.
