Safety upgrade at Macquarie Street and Fishery Point Road, Morisset from Sunday 16 December

The NSW Government is investing $3.3 million to install traffic lights at this intersection to cater for the needs of the growing local community.

Roads and Maritime Services will carry out the work which includes installing traffic lights, road widening, and line marking to suit the new traffic light arrangement.

We will be working between 7pm and 5am from Sunday 16 December to Thursday 20 December and expect to complete this work in five nights, weather permitting.

The new traffic lights will be switched on at night on Thursday 20 December, weather permitting.

No work will be carried out during the Christmas holidays from Sunday 23 December to Friday 4 January 2019.

Work to complete the intersection will resume in January between 7am and 6pm on weekdays and 8am to 1pm on Saturday.

Additional night work will be carried out between 7pm and 5am from Sunday 20 January 2019 to Thursday 24 January 2019, weather permitting. This work includes installing concrete islands, road resurfacing and line marking.

We expect the project to be completed in early 2019.

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by completing noisier activities earlier in the night and turning off machinery and vehicles when not in use.

Traffic changes

From the evening of Thursday 20 December the new traffic lights will be working.

Some temporary traffic changes will remain in place during work hours to ensure the work zone is safe. Lane closures and a 40km/h speed limit will be in place and may affect travel times.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
