Project update – Intersection Improvements at Pennant Hills Road and Marsden Road, Carlingford

The NSW Government is funding this $4.4 million project as part of its $246 million Pinch Point Program, which aims to reduce delays, manage congestion and improve travel times on Sydney’s major roads, particularly during weekday peak periods.

Roads and Maritime Services is continuing to deliver this important project which includes:

- Extending the two right turn lanes from Pennant Hills Road northbound into Marsden Road
- Extending the two right turn lanes from Pennant Hills Road northbound into Carlingford Road
- Providing a new dedicated left turn lane from Marsden Road westbound into Pennant Hills Road
- Providing a new southbound bus lane on Pennant Hills Road, south of Marsden Road
- Realigning the southbound lanes on Pennant Hills Road.

We have included a map to better explain the project.

Work will continue from 7am to 6pm between Mondays to Fridays and from 8am to 1pm on Saturdays. There will also be 25 night shifts between Thursday 19 May and late July. Our night working hours will be from 8pm to 5am. Night work will not be carried out on Saturdays or public holidays.

Work completed so far includes building a retaining wall, removing vegetation, relocating utilities and installing drains and asphalt. The next stage of work will include:

- Building kerbs, gutters and footpaths
- Building concrete medians
- Installing asphalt, signage and line marking
- Doing landscaping.

Roads and Maritime has identified undisturbed asbestos at this site. We are implementing an asbestos management plan that details safe work practices and will ensure it is managed to strict Environment Protection Authority requirements. The asbestos will be managed to ensure there is no risk to the public.

How will the work affect you?

There will be some noise associated with this work. We will make every effort to minimise its impact by arranging the noisiest work before 11pm.

Traffic changes

Temporary traffic changes will continue to be in place to ensure the work zone is safe. Lane closures may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and
signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please call our delivery partner DownerMouchel on 1800 332 660 or email enquiries_nsw@downermouchel.com. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
