Transport for NSW has identified some ways to improve the reliability of buses in the Bayside and Georges River Local Government area.

Following a review of the comments, we have decided not to proceed with proposed changes and will retain bus stops at the following locations:
- Princes Highway near Chandler Street, Rockdale
- Princes Highway near Harrow Road, Kogarah

BACKGROUND
These changes are part of Sydney's Bus Future, the NSW Government’s plan to redesign Sydney’s bus network to meet customer needs now and into the future. In this plan, our customers tell us that travel time and on-time running are some of the most important service features.

These changes have been developed by Transport for NSW and Roads and Maritime, in consultation with Sydney Buses. Local councils were consulted as part of the early planning work. For more information on Sydney’s Bus Future, please visit www.transport.nsw.gov.au/sydneys-bus-future.

KEY OUTCOMES OF THE PROPOSAL
- Contributing to the NSW Government’s target of 95 per cent on-time running of bus services
- Making travel times more reliable for customers.

BUS STOP CHANGES
We considered all feedback while finalising the changes to stops along the bus route 422 and decided to proceed with the removal of bus stops at the following locations:
