Consultation outcomes for Milperra Road and The River Road, Revesby

This project is part of the NSW Government’s $246 million Pinch Point Program, which aims to reduce traffic delays, manage congestion and maintain travel times on Sydney’s major roads particularly during weekday peak periods.

Thank you for your feedback
In June 2014, Roads and Maritime Services invited feedback from the community on a proposal to improve traffic flow and road user safety at the intersection of Milperra Road and The River Road.

Roads and Maritime thanks everyone who took the time to review the proposal and provide feedback. On the basis of community and stakeholder feedback, there are no changes to the proposal.

A copy of the community consultation report can be requested by phoning 1800 677 700, emailing nswenquiries@lbajv.com.au or visiting www.rms.nsw.gov.au/projects.

Project details
The project will provide an extended eastbound right turn lane on Milperra Road to improve traffic flow, safety and capacity by providing more room for motorists wanting to turn right and better lane use, which would reduce the risk of rear end crashes.

Work will include:
- Extending the existing right turn lane on Milperra Road by 220 metres
- Providing a dual right turn bay
- Widening on the southern side of Milperra Road to allow for the extension of the right turn lane
- Kerb and gutter and property adjustments on the southern side of Milperra Road
- Relocating light poles and underground utilities
- Asphalt resurfacing.

Construction
We are now preparing a detailed design and an environmental impact assessment.

We will advise you of details about construction of the project including work dates, times and changes to traffic conditions in mid-2015.

For more information please contact our delivery partner Leighton Boral Amey Joint Venture on 1800 677 700 or email nswenquiries@lbajv.com.au.

Outside business hours, or for more information on scheduled road work, visit www.livetrack.com or download Live Traffic NSW App or call 132 701.
Translating and Interpreting Service
If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on 131 450 and ask them to telephone Leighton Borai Amey JV on 1800 677 700.
