Installation of new and extended clearways on Taren Point Road

Between Captain Cook Bridge, Taren Point and Kingsway, Caringbah

Roads and Maritime Services | September 2018

The NSW Government is funding this project as part of its program to reduce congestion and delays on Sydney’s roads.

In May 2018 Roads and Maritime announced new weekend and extended weekday clearways on Taren Point Road between Captain Cook Bridge and The Boulevarde/ Captain Cook Drive. Following community feedback we also announced new weekday clearways and additional parking restrictions on Taren Point Road between The Boulevarde/ Captain Cook Drive and Kingsway.

Clearways help improve journey times by making all lanes available to traffic during clearway times, which reduces congestion and helps drivers to get to their destination sooner. They have an immediate positive impact on traffic flow as they utilise existing road space.

What happens next?

We will be commencing the signage installation for the new and extended clearways and additional parking restrictions between Thursday 4 October 2018 and Sunday 21 October 2018 (weather permitting). Our working hours will be between 8pm and 5am from Monday to Sunday.

The new and extended clearways including additional parking restrictions will be operational from Monday 22 October 2018.

If you have any questions about the installation works, please contact our delivery partner, Ventia Boral Amey Joint Venture (VBAJV) on 1800 677 700.
New alternative business parking

With funding from Roads and Maritime, Sutherland Shire Council is reconfiguring Box Road (west of Taren Point Road) into angle parking to provide an additional 17 parking spaces, six of which will be 2P parking spaces. Council will also convert nine unrestricted parking spaces in Kumulla Road into 2P parking spaces that will operate from 8:30am to 6pm, Monday to Sunday. The new alternative business parking will be available for business customers when the new and extended clearways commence on Monday 22 October 2018.

As a resident or visitor, what does this mean for me?

The new clearways will change the ability to park or pick up and drop off family, friends and deliveries in front of properties along Taren Point Road. If you currently live or visit this section of Taren Point Road, you will need to reconsider where to park during the clearway hours.

If you do not have a driveway, garage or carport on your property, local streets are available for you to park during the clearway hours subject to any council restrictions. Outside the clearway hours, existing parking restrictions will remain in place.

As clearways continue to be rolled out across Sydney, you will experience more efficient, safer, and more reliable journey times. This means less time in the car, and more time doing the things you enjoy.

If you park in a clearway during the clearway hours, you risk being fined and your vehicle can be towed.

To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please call the Transport Management Centre on 131 700.

How will the work affect you?

There will be some noise associated with this work but we will do everything we can to minimise its impact, including completing the noisier tasks by 11pm.

During the installation work, there will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers’ directions.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
