Night and day work on The Northern Road, Elizabeth Drive and Adams Road from 16 October till end December for investigations

The Australian and NSW governments have given planning approval to upgrade The Northern Road between Mersey Road and Glenmore Parkway as part of the $3.6 billion Western Sydney Infrastructure Plan to improve safety, increase road capacity and reduce travel times and congestion in the future.

Roads and Maritime Services will carry out geotechnical investigations in several locations along The Northern Road and some surrounding local roads over the next few months. These investigations will help further inform the construction of The Northern Road at the intersection with Elizabeth Drive and on Adams Road.

The geotechnical investigation work includes taking samples from the road and surrounding areas and locating utilities by excavating boreholes and test trenches.

The map on the back of this page shows the location of work.

The majority of the work will take place on weekdays between 7am and 6pm, however to minimise impact on road users some work will need to be done on weeknights and Sunday nights between 9pm and 6am from 16 October till December 2018. If we need to do work at night, we will contact residents and businesses adjacent to the work the day before the night work is to be done.

How will the work affect you?
There may be some activity in the general area while contractors are conducting investigations. Vehicles needed for the investigations may be parked on the side of the road and the work is likely to be noisy, especially at night. If we are working at night we will try and reduce the impact on you by doing the noisier work before 10 pm. Our worksites need to be lit for the safety of workers at night and we will try and direct the light away from homes as much as possible.

Traffic changes
We may need to work on the road with some temporary lane closures.

Please keep to speed limits and, if traffic controllers are in place, please follow their directions and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
Contact
If you have any questions, please contact the project team on 1800 703 457 or thenorthernroad@rms.nsw.gov.au

For more information on The Northern Road upgrade, visit www.rms.nsw.gov.au/thenorthernroad.

Thank you for your patience during this important work.
