Partial closure of Harley Avenue at the Great Western Highway intersection, Mount Victoria, from Tuesday 1 August

The Australian and NSW governments are undertaking a $250 million upgrade package on the Great Western Highway between Katoomba and Lithgow to improve traffic flow, safety and travel conditions.

Roads and Maritime Services is continuing to deliver an important 1.6 kilometre upgrade of the Great Western Highway through Mount Victoria village.

Construction in Section Two of the Mount Victoria village safety upgrade project includes changing the road surface at the intersection of Harley Avenue and the Great Western Highway, between Tuesday 1 August and Friday 1 September.

This work will require the temporary closure of the intersection of Harley Avenue and the Great Western Highway.

Local residents and heavy vehicles will be able to exit Harley Avenue to turn left only onto the Great Western Highway. There will be no right turn from Harley Avenue onto the Great Western Highway. Vehicles will not be able to enter Harley Avenue from the Great Western Highway. Access will be available via Station Street.

All other motorists will need to use the Station Street intersection to access Station Street or Harley Avenue.

This work will be carried out from Wednesday 2 August to Friday 1 September, weather permitting, and will involve the temporary closure of the intersection. Work will be carried out during our standard construction hours of 7am to 6pm, Monday to Friday and 8am to 1pm on Saturdays.

The work at the intersection will involve:
- installing traffic controls and temporarily modifying pedestrian access
- establishing safe access and egress points for workers and vehicles
- diverting residential traffic along detour routes
- allowing residential access to adjacent properties
- constructing the road surface to final level.

We have included a map to show where the work will take place.
How will the work affect you?

There will be some noise and possible traffic delays associated with this work. We will make every effort to minimise noise and delays, including ensuring our work program allows opportunities for respite.

Traffic changes

Temporary traffic changes will be in place to ensure the work zone is safe for motorists and workers.

Please keep to speed limits and follow the direction of traffic controllers and signs. Please plan your journeys to allow for possible delays. For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
