Traffic changes on the Great Western Highway, Mount Victoria village

The Australian and NSW governments are undertaking a $250 million upgrade package on the Great Western Highway between Katoomba and Lithgow to improve traffic flow, safety and travel conditions.

Roads and Maritime Services is continuing to deliver an important 1.6 kilometre upgrade of the Great Western Highway through Mount Victoria village.

We have recently moved all traffic over to the westbound lanes in Section 2 between Cecil Avenue and Hooper Street. Construction on the eastbound lanes will continue until early October. Work is being carried out during our standard construction hours of 7am to 6pm, Monday to Friday and 8am to 1pm on Saturdays.

As we have moved into working on Section 2 and as the final work takes place in Section 1 and 3, we have been able to reopen the project area east of Victoria Falls to Toll Bar House, Section 1, and Kanimbla Valley Road to Fairy Dell Road, Section 3, to 60 km per hour.

We have also begun construction of the community footpath on the eastbound side of section 3. Work is progressing well and we are on track to complete it by September 2017.

We have included a map to show the sections.

How will the work affect you?

There will be some noise and possible traffic delays associated with this work. We will make every effort to minimise noise and delays, including ensuring our work program allows opportunities for respite.

Traffic changes

Temporary traffic changes are in place to ensure the work zone is safe for motorists and workers.

Please keep to speed limits and follow the direction of traffic controllers and signs. Please plan your journeys to allow for possible delays. For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our project team on 1800 035 733 or K2Lupgrade@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
Section 1 and Section 3 have reopened to 60 km per hour.

Construction work began on the eastbound lanes on Monday 7 August in Section 2.
