Night work on the Great Western Highway in Mount Victoria village from Monday 30 May

The Australian and NSW governments are undertaking a $250 million upgrade package on the Great Western Highway between Katoomba and Lithgow to improve traffic flow, safety and travel conditions.

Roads and Maritime Services continues to deliver this important 1.6 kilometre upgrade of the Great Western Highway through Mount Victoria village.

The night work includes installing new drainage pipes through section two of the Mount Victoria village project along the Great Western Highway between Hooper Street and Cecil Road. The work will involve:

- Installing traffic controls and temporarily modifying pedestrian access
- Establishing safe access and egress points for workers and vehicles.
- Saw cutting pavements
- Trenching across the Great Western Highway
- Removing redundant pipes and fittings
- Lifting and installing concrete pipes and backfilling
- Reinstating surfaces.

We have included a map to show the section where the work will take place.

This work will take up to five shifts between Monday 30 May and Friday 3 June, weather permitting. Our working ours will be from 7pm to 6am.

How will the work affect you?

There will be some noise and light associated with this work. We will make every effort to minimise noise, including ensuring our work program allows opportunities for respite.
**Traffic changes**

Temporary traffic changes will be in place to ensure the work zone is safe for local traffic. Traffic on the Great Western Highway will be maintained using traffic control during this work. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App for iPhone, iPad and Android.

**Contact**

If you have any questions, please call our call our project team on 1800 035 733 or email K2Lupgrade@rms.nsw.gov.au.
