Night work on the Great Western Highway in Mt Victoria Village from Thursday 6 October

The Australian and NSW governments are undertaking a $250 million upgrade package on the Great Western Highway between Katoomba and Lithgow to improve traffic flow, safety and travel conditions.

Roads and Maritime Services continues to deliver this important 1.6 kilometre upgrade of the Great Western Highway through Mount Victoria Village.

This work will take up to three shifts between Thursday 6 October and Wednesday 12 October, excluding weekends, weather permitting. Our working ours will be from 7pm to 6am.

The night work includes connecting new sections of pipe to existing water mains along the Great Western Highway in section three of the project area. The work will involve:

Site preparation:
- Installing traffic controls and temporarily modifying pedestrian access
- Establishing safe access and egress points for workers and vehicles.

Connecting new sections of pipe to existing water mains:
- Localised excavations at the intersections of the Great Western Highway and Grand View Road, Cassilis Street, Kanimbla Valley Road, Selsdon Street, Burwood Road and Fairy Dell Road
- Cutting the existing watermain
- Connecting new sections of main to the existing network
- Backfilling.

We have included a map to show the section where the work will take place.

How will the work affect you?
There will be some noise and light associated with this work. We will make every effort to minimise noise, including ensuring our work program allows opportunities for respite.
Traffic changes

Temporary traffic changes will be in place to ensure the work zone is safe for traffic. Traffic on the Great Western Highway will be maintained using traffic control during this work. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App for iPhone, iPad and Android.

Contact

If you have any questions, please call our project team on 1800 035 733 or email K2Lupgrade@rms.nsw.gov.au.

Thank you for your patience during this important work.
